# Custom Shaped Flash Drives in 4 Easy Steps

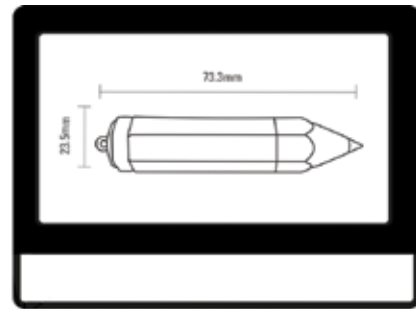

1

## Artwork Review

Customer supplies artwork in an Adobe Illustrator supported format.

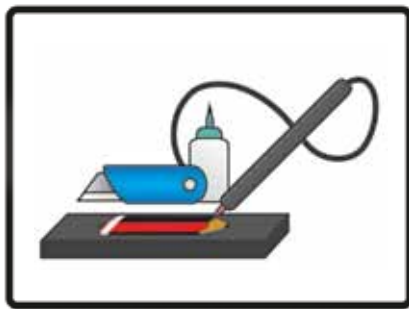

2

## Concept Development

Technical drawing supplied to customer for approval.

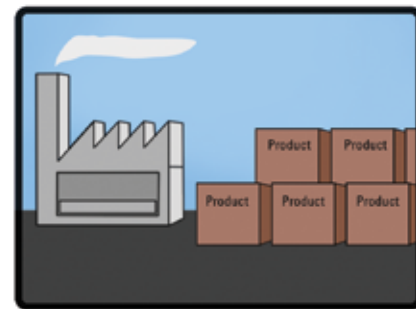

3

## Pre-Production

Production sample supplied to customer for final approval.

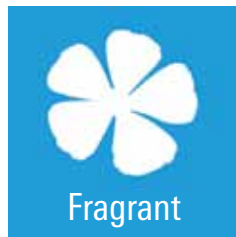

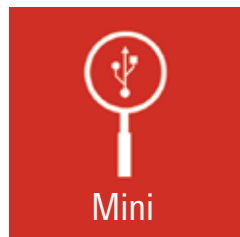

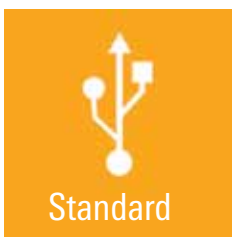

4

## Production

Lead time spproximately 4 weeks.  
Minimum quantity is 100 units.

## Bring your designs to life!

# USB Flash Drives

Custom Shape USB

Custom Shape USB's are a great way to promote your business, almost anything is possible! Create Custom Shape People, Gadgets, Lifestyle, Mascots and Logos, Animals, Vehicles, Food and Beverages or anything else you can think of.

The Vibration speaker utilises a new technology that works with any object, which can vibrate sound such as an empty box, water bottle or carton. All you need to do is plug the speaker into your computer, MP3 player or iPod and then stick the speaker to your box or similar object and let the music flow. The larger the item the louder the sound.

- Rated Power: 1W
- Frequency Response Scope: 300Hz – 10000Hz
- Power Supply Voltage: 3-5V
- Voice coil IMP:  $4\Omega \pm 15\%$
- Signal to Noise Ratio: 78±3dB
- Compatible with any iPod, MP3 player, computer
- Power from your USB port or 2 x AAA batteries

## S002

## GO GREEN WITH OUR ECO-FRIENDLY LANYARDS

Conserve resources and go green! We now offer products made from Recycled PET plastic. Our recycled PET lanyards are made from recycled plastic bottles that have been crushed, shredded and then re-spun into yarn that we can then weave into our products.

### Recycled PET

Step 1: Select your product including style and material

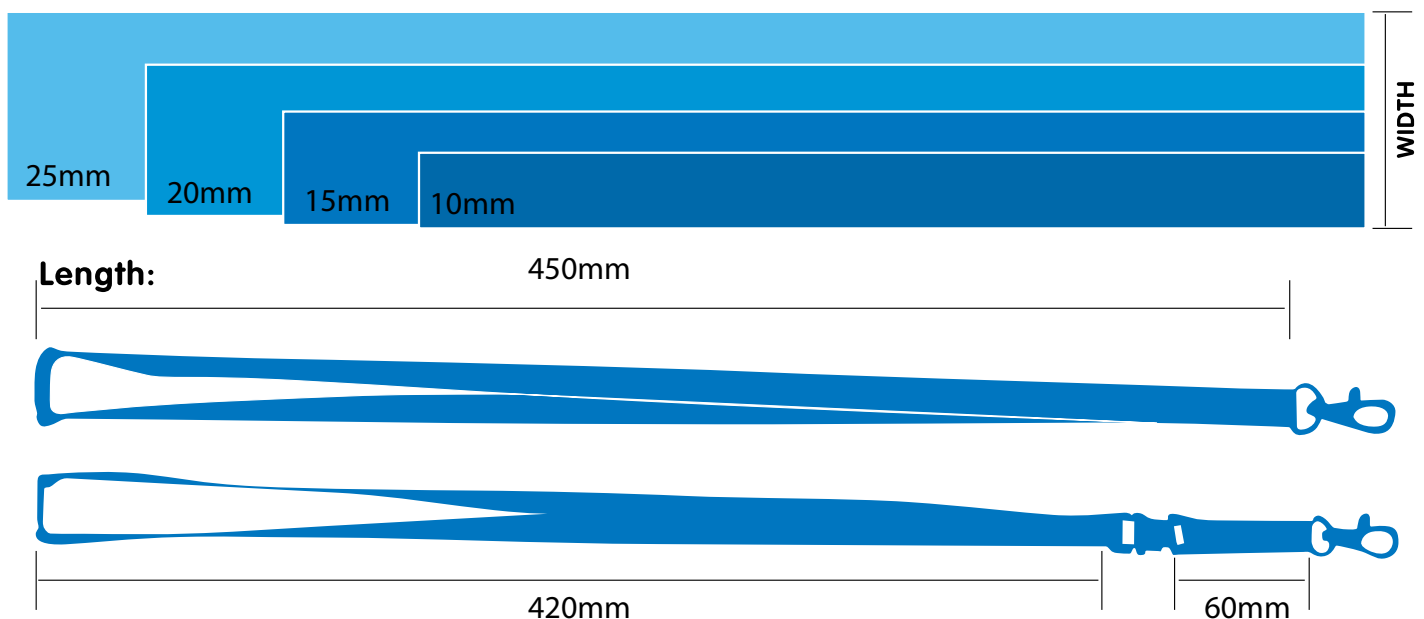

Step 2: Select colour

For orders over 300 units we can custom PMS match for no extra cost

Step 3: Choose the decoration method and colour

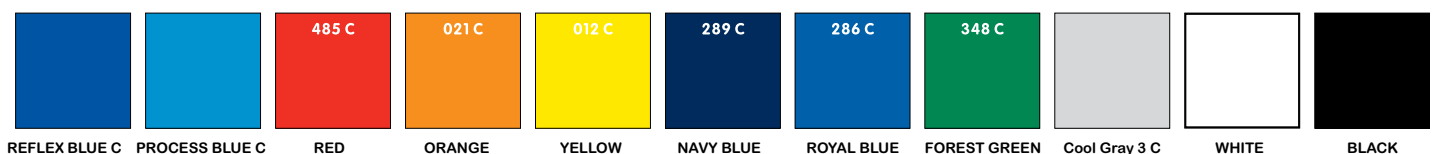

Step 4: Choose lanyard width

Step 5: Select your attachments

## Urgent orders

We understand that time matters. To help ensure you meet your deadline for urgent orders, we have provided standard lanyards colours and styles in 20 mm. By choosing this option, we can significantly reduce manufacturing and processing time. For orders of 5,000 units or less we guarantee that your order will be dispatched in 2 weeks or less.

# Global Product Sourcing

Technology Collection has the capacity to source products from the global market. Our network of manufacturer's gives our customers access to a myriad of technologies and products. Extensive experience in sourcing customised products has made us a valuable resource for the promotional products industry.

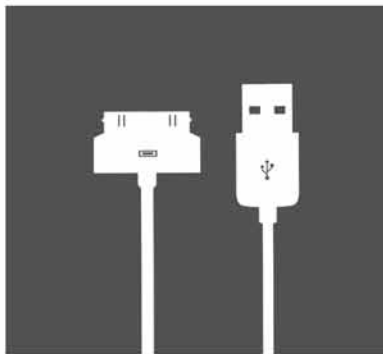

At Technology Collection we strive to harness the potential of global sourcing to facilitate competitive pricing and increase returns for our customers. As a central buying organisation we are able to achieve economies of scale by integrating and coordinating design, prototyping, production, and delivery.

The benefits of sourcing with Technology Collection go beyond just lowering costs and include: access to off-shore manufacturers, utilisation of skills or resources unavailable domestically, developing alternate supply chains to counter competition, and increasing total supply capacity. Make Technology Collection an element of your global sourcing strategy.
