USB Flash Drives

Why choose USB Flash Drives

If you're planning a conference, marketing campaign, or looking for that corporate gift that will be used daily, USB Flash Drives are the perfect solution. Available in a large range of styles and colours, Flash drives can be branded with your logo, tag line or website and pre loaded with your corporate videos, brochures, presentations or price lists, the possibilities are endless.

USB Flash Drives are the most convenient and simplest way to move data from one PC to another using a USB port. USB Flash Drives are compatible with all Laptops and Desktop PCs running Windows 98SE as well as MAC computers with a USB Port. All our flash drives include high quality Memory Chips and come with a 12 month warranty.

Classic Series

Our Classic Series includes a large range of our most popular flash drives, perfect for all occasions

Branding

All USB Flash Drives can be branded with your logo. Depending on the model you choose we can either print or laser engrave or emboss your logo, website or tagline.

For quantities over 300 units we can colour match casing to your PMS colour.

Services

USB Flash Drives can be preloaded with your corporate presentations, price lists or videos providing a great way to distribute information. Other features such as auto run and file lock are also available.

Packaging & Accessories

We offer a large range of packaging options including bulk packaging and individual gift box. Accessories options include lanyard , key ring, USB cable and user manual.
